Technical Skills

Languages: Java, JavaScript, Python,

Web Development: Node.js, Express.js, React.js, REST API, JWT, TypeScript

Databases: MongoDB, DynamoDB, MySQL

Tools: AWS, Linux, N8N, Git, GitHub,

Experience

Softpro India

Oct 2024 – Dec 2024

Software Development Intern

Lucknow, India

- Developed and maintained responsive web applications using HTML, CSS, JavaScript, React.js, Node.js, and MongoDB.
- Integrated RESTful APIs and optimized backend processes for improved performance.
- Wrote multiple APIs to retrieve and process data from DynamoDB based on business requirements, enhancing system features.

Projects

Chatify Web Application

Apr 2025

Live at: chatify-jlsdt.sevalla.app GitHub: [chatify](#)

- Built a full-stack messaging platform using Next.js, MongoDB, and JWT for authentication.
- Backend for real-time chats with low latency, supporting many active users.
- Implemented secure authentication and persistent chat history storage in MongoDB.

Creator-AI Application

Nov 2025

Live at: creatorAI.siddpatel.com GitHub: [creatorAI](#)

- Built a full-stack AI content generation platform using Next.js, Convex, and Clerk for authentication.
- Integrated Gemini API to generate articles, images, and creative content with real-time previews.
- Implemented secure role-based access, user profiles, and cloud-hosted database using Convex.Added ImageKit and Unsplash support for media uploads and asset optimization.

Achievements

- Hotstar Clone Certification from Google Developer Student Club
- Solved 100+ programming problems across platforms including LeetCode, CodeChef, Codeforces, and GeeksforGeeks.
- Active competitive programmer with strong problem-solving and algorithmic skills.

Education

Bundelkhand Institute of Engineering and Technology (BIET)

Aug 2023 – June 2026

B.Tech in Computer Science and Engineering — CGPA: 7.05

Jhansi, Uttar Pradesh
